

## Tenant Bulletin

**Date:** September 20, 2011  
**To:** Edna Lucille Goodrich Tenants  
**From:** Amy Lamb, Property Administrator  
**Re:** **Maintenance Painting**

---

The Maintenance Painting that occurred earlier this month resulted in some poorly matched areas throughout the building. Correcting the color match is scheduled to occur next week as follows:

- Wednesday (9/28) Complete 1<sup>st</sup> floor, then begin 2<sup>nd</sup> floor
- Thursday (9/29) Complete 2<sup>nd</sup> floor, then begin 3<sup>rd</sup> floor and scheduled offices.
- Friday (9/30) Complete 4th floor, scheduled offices and the exit door in Hallway 1049 on the first floor. That exit will be closed as of 5:30 p.m. and will remain closed for the rest of Friday evening.

ELG is a LEED Gold certified building and uses paint that meets the LEED standard for VOC (volatile organic compound) gasses inside the building. MSDS sheets are available in the Wright Runstad & Company property management office.

Please contact the management office should you have any questions regarding these maintenance projects.

Thank you!
